

# MEDICAL ONSITE CLINICS

PRESENTED BY: RICHARD SUTTON

RE Sutton & Associates currently helps manage approximately 60 onsite medical clinics in the state of Indiana. All of these clinics are with public sector clients (Schools, Counties, Cities) with a mix of both independent and hospital based administrators.

Most of the clinics have reported positive results with positive ROIs.

Onsite clinics have helped the migration to higher deductible, higher copay and less expensive benefit options.

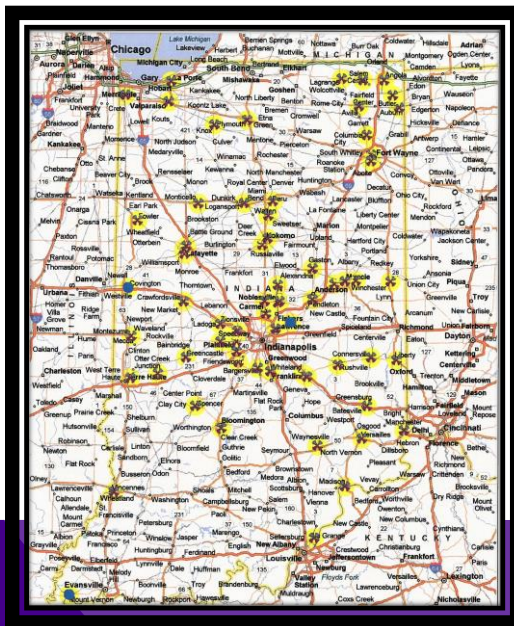

There are pros and cons of the independent versus hospital administrators.

The ideal employer size for a clinic is 500 employees.

Smaller employers may want to consider clinic sharing.

Our clinics around the state. Many are shared locations.
